

**NEW JERSEY CHAPTER
INTERNATIONAL ASSOCIATION OF
ARSON INVESTIGATORS**

PRESIDENT'S MESSAGE

On behalf of the entire NJIAAI Board and myself I would like to wish each of you and your families a joyous, safe and healthy Holiday Season and a Merry Christmas.

The organization has had a productive 2009 following a very successful AGM, several 80 hour courses and couple of great seminars. The 2010 AGM will be in high demand as New Jersey's AGM have become among the best offered in the country.

We are attempting to make the web site the place for members to go to for all of their chapter needs, information, idea exchanges, seminar sign ups, easy hassle free secure payment options and more. This is not always an easy accomplishment and we apologize if our construction, if you will, has caused any of you grief – construction projects are usually never without confusion and delays, but in the end they are an improvement.

Again a safe, healthy and prosperous 2010 in very trying times, hope to see you all at the AGM.

Please be active – If there is something you like or dislike, contact your regional vice president, a director or myself.

Barry Grimm
President NJIAAI
